## SUPPLY LIST

This is just a suggested list... feel free to use any kind of supplies! This is all about play and having fun! If you want to draw and paint on paper instead of canvas... that is great! If you want to just use markers instead of acrylic paint, that is great too! The supply list is just a guideline for the workshop. :) **The most important part is having fun and seeing this time as pure joy!** If you'd like to use my Amazon shopping list, [click here](#).
